

2017-18 EIPS Parent Survey Results Report

The results are now available for the 2017-18 EIPS Parent Survey conducted in March. Thank you to all families who took the time to share their feedback with the Division. The survey included 20 questions related to the three priorities outlined in the EIPS [2015-2018 Three-Year Education Plan](#):

- Priority 1: Promote growth and success for all students
- Priority 2: Enhance high quality learning and working environments
- Priority 3: Enhance public education through effective engagement, partnerships and communication

The overall Division results represent 2,918 responses from parents and guardians across EIPS. This was an increase in responses from 2,678 in the previous year.

The survey results for Mundare School have helped us identify the following areas of strength and opportunities for growth.

Areas of strength:

- My child is demonstrating growth in literacy.
- The rights and responsibilities of citizenship are reinforced at my child's school.
- My child is safe at school.

Opportunities for growth:

- The school keeps me informed about my child's progress and achievement/
- Discipline is handled in a fair and reasonable manner.
- My child is being taught knowledge, skills and attitudes necessary to be successful at life.

The feedback gathered will help our school and the Division measure its progress toward meeting the priorities and goals outlined in the EIPS [2015-2018 Three-Year Education Plan](#) and develop strategies to better serve students and the wider community moving forward.
